2020 is a year we will never forget. The BHT Committee has gone all out to bring you a super event in these difficult times. Thank you for your support.

We would like to thank all of our judges, officials, course designers and volunteers. It is through the collaboration of your efforts that our events run so smoothly and successfully!

We also thank our sponsors; without whose generosity it would not be possible to develop this venue and run this event. We are sure that riders and spectators alike will appreciate this support that has enabled the course to be built to an exacting standard, and will reciprocate by supporting the sponsors and other businesses featured in this programme.

We particularly wish to thank our major sponsors, the late John Roche and Kathy Roche, not only for their kind loan of "Araluen" for the event, but also for their extraordinary assistance and enthusiasm for the development of the outstanding facilities at "Araluen". Sadly, Dr John passed away in February 2020, but we know he will be watching over our wonderful riders and their horses.

We have a NO DOG rule at "Araluen". If you accidentally brought a dog, please make sure it stays tied up at your truck or float.

Café Araluen will provide you with wonderful food all weekend. Our good friends from Magnificup are also here to provide their wonderful coffee.

Please put all rubbish in the bins provided. This is a private property and we don't want to have to clean up after you.

Berrima Horse Trials has been in existence for 29 years – and we plan to continue for many more! Thank you for your support and enjoy your weekend in the beautiful Southern Highlands.

Dr Vince Roche,
President, Berrima Horse Trials.

BERRIMA HORSE TRIALS TIMETABLE

There will be a 10 min SJ Course walk before each class.
Additional course walks will be at the judge's discretion.

Please try and jump close to your draw time to avoid massive queues at the Jump Warm Up

COURSE DESIGNER'S COMMENTS

Great changes continue at Berrima!! We welcome Sandy Lucas as the designer for the EVA 60, EVA 80 and EVA 95 classes. Sandy has put her hand up to take on the challenge of designing friendly, inviting courses for the lower grades. We really are grateful for her energy, her imagination and her attention to detail

Berrima continues to plough all its profits from running events plus grant money from EvNSW and the Footing Fund back into its courses. After the worst drought in Australia's recorded history, the tide has turned and La Niña has arrived. We have spent the days leading up to the event pumping out the water jump and trying to reduce the water flowing down from the catchment – a very different task to wetting the dust and aerating the rock hard ground a year ago.

Craig Gordon is our course builder – back after 12 years - and has done a wonderful job putting our courses together and constructing our fences safely.

The other important issue to note is that we have incorporated a number of frangible devices on fences in the upper classes. These MIMSafe NewEra Safety Clips are imported from Sweden. While we know that these devices are not the complete answer to XC safety, their introduction is a welcome sign of our determination to make our courses as safe as it is possible, and to reduce the number of possible horse falls. There is a massive effort by Course Designers, Course Builders and Technical Delegates to increase our risk management – at every level - and reduce the risks of serious accidents as much as possible.

Best spectator spots are at the Southern Highland Toyota Water Complex, the Highland Quality Firewood Sunken Road fence, and the dam bank near the Finish. We are thrilled that we can again run out sport in these fraught Covid times!

Penelope Leprevost Collections is the leading equestrian lifestyle brand in France.

Competition clothing, casual wear and leather wear designed in France and guided by the vision of Olympic Gold Medalist Penelope Leprevost, combining function, innovation and French style.

Focusing on the use of the latest technical fabrics in all breeches, shirts & competition jackets allows for optimum movement and stretch and the inimitable French fit.

This band combines the effect of innovation in equestrian sport fabric and the uniquely stylish French design.

FOR THE WELFARE OF THE HORSE: THE FEI CODE OF CONDUCT

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and competitors must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

OVERTAKING ON CROSS COUNTRY

The penalty for willful obstruction of an overtaking competitor, failure to follow the instructions of the officials or causing danger to another competitor is elimination at the discretion of the Technical Delegate.

In the case of a preceding competitor not allowing safe overtaking (for whatever reason), it is the responsibility of the following competitor to draw back or circle to allow a safe distance between himself and the preceding competitor. In such a case, the Technical Delegate will consider a request to deduct the extra time incurred by such a maneuver done in the interest of safety.

The time during which the competitor is held up by Officials will be recorded and deducted from the total time taken by the competitor to complete the course.

PERFORMANCE HORSES

Coney Hatch Performance Horses Annabel Armstrong & Hamish Cargill

In the same way that Berrima Horse Trials is shaping the next generation of eventing champions, Coney Hatch Performance Horses is focused on developing high quality eventing horses and riders for the top levels.

Annabel is available for lessons at the beautiful Coney Hatch (located on Aylmerton Rd, Braemar), and throughout the Southern Highlands. She also takes horses on short and long term training, and for competition.

If you're interested in lessons, clinics or would like your horse schooled for competition or sale, talk to Annabel this weekend (0419215528) or visit coneyhatch.com.au
